IN RE: Southern Bell Telephone & Telegraph) ORDER GRANTING
Company - Request for Revisions to) PETITION TO
its General Subscriber Service Tariff) INTERVENE
and Private Line Service Tariff to) OUT OF TIME
Introduce Area Plus Service (TN 93-28).)

This matter comes before the Public Service Commission of South Carolina (the Commission) on the May 26, 1993, Petition of the South Carolina Telephone Coalition (the Coalition), who asked to intervene out of time as a formal party in this proceeding. The Coalition notes that it is a coalition of local exchange carriers who are certified by the Commission and are currently providing telecommunication service in the State of South Carolina. The Coalition states that, as a coalition of LECs, it has a vital interest in this matter and should be permitted to intervene out of time in the proceeding in order to participate fully and present testimony and other evidence as appropriate. The Coalition also states that its participation is necessary to ensure the Commission has a complete record in the proceeding. The Commission has considered the Petition of the Coalition and believes that allowing it to intervene out of time as a formal party of record in this proceeding, would not prejudice any of the other parties at this

stage of the proceeding and that the relief requested by the Coalition should be granted.

This Order shall remain in full force and effect until further Order of the Commission.
